

PEDRO FERNÁNDEZ

FULL-STACK ENGINEER | FRONTEND SPECIALIST | UX/UI

Medellín, Colombia | prfmaestre@gmail.com | +57 318 462 9849

Frontend-led engineer who turns complex product requirements into clear, resilient interfaces - from UX/UI through BFF-integrated delivery.

PROFESSIONAL PROFILE

Frontend-led full-stack engineer with 15+ years across digital design and web development. Builds modern web and mobile experiences with a strong focus on usability, performance and web standards. Bridges product, design and engineering through React, Next.js, TypeScript and practical backend delivery using Node.js, Express, NestJS and FastAPI. Uses Backend for Frontend layers to compose services, simplify frontend integration and reduce direct backend exposure.

PROFESSIONAL EXPERIENCE

JUL 2025 - JUL 2026

FRONTEND DEVELOPER

VANGUARD VISION AI

- Developed scalable user interfaces for AI-integrated solutions.
- Implemented modern frontend architecture with Next.js, React and TypeScript, with attention to performance and end-user experience.

MAY 2024 - MAY 2025

FRONTEND ENGINEER

MERCADO LIBRE

- Contributed to high-traffic ecommerce interfaces, optimizing user flows and cross-device compatibility.
- Worked on Mercado Play video and streaming experiences within a demanding product environment.

OCT 2022 - JUN 2025

UX/UI DESIGNER

XCALA

- Designed web and mobile experiences for fintech and alternative-markets products.
- Partnered on user-interface design and frontend delivery, using Figma and React.js in Scrum-based teams.

PEDRO FERNÁNDEZ

FULL-STACK ENGINEER | FRONTEND SPECIALIST | UX/UI

SELECTED STRENGTHS

- FRONTEND SYSTEMS
Builds component-based interfaces with React, Next.js, Vue, Lit Components and Shadow DOM.
- BFF INTEGRATION
Uses tailored BFF layers to compose services, streamline client integration and limit direct backend exposure.
- UX/UI FLUENCY
Connects interaction design, visual systems and implementation so product intent survives delivery.
- MODERN DELIVERY
Applies responsive, accessible and performance-aware practices across web and React Native work.
