EXPERIENCE

- 2025 - 2026
FRONTEND ENGINEER — VANGUARD VISION AI
- Development of advanced and scalable user interfaces for AI-integrated solutions.
 - Implementation of modern frontend architectures using Next.js, React, and TypeScript, ensuring high performance.
 - Close collaboration with multidisciplinary teams to optimize the end-user experience in complex technological products.
- 2024 - PRESENT
DIRECTOR GENERAL (CEO) — PANDA DESIGNERS
- Leadership in the technical and visual direction of the agency, orchestrating the development of platforms such as Mantenlo-Go and ARMASIS.
 - Design of architectures under DDD principles and Hexagonal Architecture to ensure scalability and maintainability.
- 05/2024 - 05/2025
FRONTEND DEVELOPER — MERCADOLIBRE
- Driven the development of high-performance web applications, ensuring optimal compatibility across multiple devices and platforms.
 - Optimization of interface flows and performance in high-demand e-commerce environments.
- 01/2021 - 07/2023
DESIGNER UX/UI & FRONTEND — XCALA
- Engineered intuitive user interfaces for web and mobile applications, achieving a 25% increase in customer satisfaction.
 - Comprehensive project management under Scrum methodologies and advanced interactive design using Figma and React.js.
- 06/2022 - 2023
DEVELOPER & UX/UI DESIGNER — EFIGEN
- Implementation of comprehensive frontend solutions by developing reusable components with Astro and modern frameworks.

CORE SKILLS & TECHNOLOGIES

FRONTEND & MOBILE

- Next.js, React.js, Astro, Vue
- React Native, Expo, Swift
- Tailwind CSS, Material UI

BACKEND & LANGUAGES

- TypeScript, JavaScript
- Node.js, NestJS, Express
- Python (FastAPI)

ARCHITECTURE & UX/UI

- Hexagonal Arch., DDD, TDD
- UX/UI Design, Figma, Photo Editing
- Technical Docs (PRDs, RFCs)

AI, DEVOPS & ENV

- AI: Cursor, OpenCode, Claude, Codex, Pi
- DevOps: Harness Engineer, Git
- Linux (Fedora), macOS, Neovim
